### MESSAGES

Hi everyone and welcome to the AJS Torque newsletter for July 2007.

The results for Events Cup 4 and Winter Sports Day are attached with this newsletter. However please note the results for Events Cup 5 and the final two club events for the year will not be published prior to Club Trophy night – sorry guy's but this would give away the trophy placings and apart from the fact we want to make sure you all turn up to the trophy night it will make you all keep racing hard til the end !

*'The weather for the last three club runs has been abysmal. Tamara had to do the start/finish line for one event, having to manage checkered flag, yellow flag and last lap board, with her arms and legs!! Ken canned winter sports day after the morning races as the poor flaggies where completely drenched, wind was high and visibility virtually nil.*

*Last Sundays racing was held up as poor Adam Eltringham broke his leg - we think both bones down near his ankle, which were sticking out of his skin, loads of blood in the boot, which they couldn't get off as the poor sod was screaming blue murder, so I do hope that he is feeling a little better today, as he must of been in agony.*

*We have decided to have a fun day the week after trophy night. Spot prize giveaways, riding the track the wrong way and tag team event so that should be a good day. We can't organize the day much further though as we won't know who we can tag with who until they turn up on the day !'*

Thanks to Sheena for the above message and keeping us all up to date with the results and a bit of a blurb about what's been happening at the track.

Also a huge thanks to Tamara who puts in a huge effort every week to keep things running and from Sheena's count - deserves her own trophy for last week's effort! We all know how busy life can be so hat's off to those who make the time to do their bit for the club !
